

## Weathering the Storm

Nature has proven time and time again the ability to endure hard times. We all experience different kinds of storms.

The Boone County Community Foundation recognizes that stormy economic times are creating challenges for many of Boone County's residents and the nonprofits that serve them.

The Foundation itself is not immune to these challenges. Our funds have experienced market losses, reducing our capacity to offset significant cuts experienced by individual organizations. Despite these challenges, we want to assure you that we remain an important resource to aid nonprofits in addressing critical needs, in continuing essential programs and services, and in developing creative and innovative solutions to pressing problems.

We are with you in this storm, and we will continue to serve the people of Boone County.

## Thoughts for Year-End 2009

he could have gotten  
off the ship in the  
storm.*

*Boone County Community Foundation*

*BCCF...to enrich the community by inspiring people to care for each other and future generations through service and charitable giving.*

*For Donors...*

The Boone County Community Foundation is committed to delivering a wide range of services beyond traditional grant making activities to help our donors achieve their charitable objectives.

By creating a fund with BCCF, you receive the expertise of our staff as well as the Community Foundation experts of our affiliate partners at The Greater Kanawha Valley Foundation. You also avoid the paperwork, time and expense of running a private foundation.

Choose a personally named fund with our Community Foundation and let us take care of all investing, government reporting, grant investigations, paperwork, auditing and accounting.

*For Grant Seekers...*

BCCF supports positive initiatives and innovative approaches to addressing the changing needs of our community. Our purpose is to strengthen our community through engaged grant making and strategic partnerships with other organizations.

**For Good. For Ever.**

*Never cut a tree down in the wintertime. Never make a negative decision in the low time. Never make your most important decisions when you are in your worst moods. Wait. Be patient. The storm will pass. The spring will come.*
